

Übersetzung 1:2

Technical drawing of a stepped shaft (Figure 1.10). The drawing shows a shaft with two main sections, labeled 1 and 2. Key dimensions and labels include:

- E_1 : Total length of the first section.
- L_1 : Length of the first section.
- NL_1 : Length of the first section's neck.
- $\varnothing KK_1$: Outer diameter of the first section.
- $\varnothing TK_1$: Outer diameter of the first section's neck.
- $\varnothing N_1$: Outer diameter of the first section's neck.
- $\varnothing B_1$: Outer diameter of the first section's neck.
- ZB : Angle of the first section's neck.
- $\varnothing B_2$: Outer diameter of the second section's neck.
- $\varnothing N_2$: Outer diameter of the second section's neck.
- $\varnothing TK_2$: Outer diameter of the second section's neck.
- $\varnothing KK_2$: Outer diameter of the second section.
- NL_2 : Length of the second section's neck.
- Q_2 : Length of the second section's neck.
- L_2 : Length of the second section.
